Allium		Schubertii	Spring '23		Pink-lavender	Late spring	Showstopper! Huge (12") starburst-like pink-violet flower heads in late spring/ May.	3	18"		ave	Sun	
Amaranthus	Amaranth	Red Garnet	Now	D	Burgundy	Jul-frost	Young leaves can be eaten for greens, and flower heads fill with seeds that can be toasted and eaten as grains. Because of its stunning height, seed-filled flower heads make a great source of food for birds.		8'	2'	ave	Sun	

Ammi Majus	Bishop's Flower		Spring '23		White	May/ June	Pure giant white umbrels grace the garden in May/ June - a perfect complement to early summer bloomers - roses, peonies, delphiniums, etc. This is the natural species version of False Queen Anne's Lace. The white umbrel flowers act as a magnet for beneficial insects. Not only do the flowers attract and feed pollinators, but they also attract a host of predatory insects that will scour the garden looking for pests to eat.	Annual	4'	1.5'	ave	Sun
Japanese Anemone	Windflower	Pink Saucer	Spring '23	D	Pink	Aug-Oct	An early flowering Anemone. Graceful light pink flowers begin their show in early Aug, swaying above the foliage on wiry stems.	4	3'	2'	ave or moist	Sun/PS
Angelica Gigas	Purple Angelica		Now		Purple-red	Aug-Sept	Huge (6"!) umbrella-like flower heads and stems - both burgundy-purple - so striking and unusual. Blooms Aug/Sept.	5	5'	2'	ave	Sun/PS
Asclepias	Milkweed	Soulmate	Now									
Aster		Purple Dome	Now	D	Purple	Sept/Oct	Vigorous and bushy shrub that blooms spring to summer and fades nearly back to ground in fall. Huge poppy - 8" wide white flowers with bright yellow centers and lovely apricot smell. Makes a spectacular flowering shrub.	3	1.5'	1.5'	ave	Sun
Astrantia Major		Ruby Wedding	2023									
Astrantia Involucrata		Shaggy	2023									
Begonia grandis	Begonia	Evansiana Pink	Spring '23									
Bergenia		Pink Dragonfly	Now		Deep pink	Apr-May	Evergreen with beautiful plum-burgundy leaves in winter and striking deep pink flowers in spring and sometimes in fall.	4	1'	1'	Ave	Sun/PS
Buddleia	Butterfly Bush	Asian Moon	Now		Purple	Jun-Sept	Sun	5	6'	4'	Ave	Sun
Buddlei globosa	Butterfly Bush	Orange Balls	Now		Orange	Early summer	Very different Butterfly bush with numerous rounded clusters of small orange flowers - each looks like a perfect ball. Because the fragrant flowers bloom on the previous year's wood, make sure that you prune this shrub after it has finished blooming and not early in the spring. Buddleia globosa is found in the wild in Chile, Argentina and Peru. Likes fertile, moist, well drained soil.	7	10-15'	10-15'	Ave-moist	Sun
Canna		Happy Wilma	Now									
Centranthus Ruber	Jupiter's Beard	Albus/ Snow Cloud	Now		White	May-Nov	Super long blooming white clusters May-Nov. With some deadheading, one of the longest blooming perennials.	5	2.5'	2'	ave	Sun/PS
Centranthus Ruber	Jupiter's Beard or Red Valarian	Pretty Betsy	Now		Coral-red-pink	May-Nov	Super long blooming vibrant red-coral-pink clusters May-Nov. With some deadheading, one of the longest blooming perennials.	5	2.5'	2'	ave	Sun/PS
Clematis		Haku Okan	Now				5-7" blooms May June & sept. 9' tall dark purple					
Clematis		Sunset	Now				4-6" 9' tall. May-june & sept Magenta					
Clematis		Westerplatte	Now				4-5" blooms early spring & late summer/fall. Burgundy. 8'/12'					

Cosmos Bipinnatus	Cosmos	Apricotta	Now		Pink-apricot	Summer - frost	Shimmery pink-apricot flowers summer to fall on bushy, fern-leafed plants from summer until frost.		3'	2'	ave	Sun	Bee, butterfly Deer, rabbit resistant

Cynara cardunculus		Cardoon	Now		Purple	late summer	Great for adding texture to the garden, this bold architectural plant has jagged gray leaves up to 3' long and purple thistle-shaped flowers that bloom in late summer and fall.	7	4-5'	2.5'	ave. Must be well drained.	Sun	
Dahlia Imperialis	Tree Dahlia Bluebell	Caerulea	Spring '23		blue	Oct or Nov	As beautiful as it is rare, this is a pale blue form of the fabulous native Mexican tree dahlia. An impressive species, it reaches heights in excess of 8' in a single season, and to ensure successful flowering it needs to be grown in rich, well-drained soil, in a situation protected from frost. The enormous 6 to 8 inch flower blooms in Oct or Nov, but before then it makes an absolutely stunning foliage plant with finely cut leaves in abundance covering the unusual bamboo-like stems. Must be staked and protected from wind. After blooming cut to ground/ 6".	8	8'	5'	ave	Sun	
Dahlia Imperialis	Bell Tree Dahlia	Pink	Spring '23		Lavender-pink	Oct or Nov	Very rare - huge dahlia that gets to 8' or even 12'+. Loads of 5" lavender-pink blooms on panicles 3' wide per stalk. Blooms in Oct or Nov but before then it makes an absolutely stunning foliage plant with finely cut leaves in abundance covering the unusual bamboo-like stems. Must be staked and protected from high wind. Cut stalk to 6" after blooming. Protect from wind. After blooming cut to ground/ 6".	8	8-10'	5'	ave	Sun

Eupatorium Fistulosum	Joe Pye Weed	Ivory Towers	Now	D	White	Jul-Sept	Tall and stately. Masses of majestic white flower clusters from Jul-Sept.	3	5-7'	3-4'	ave-moist	Sun/PS	
Eupatorium	Joe Pye Weed	Atropurpureum /Glow	Now	D	Wine-red	Jul-Sept	Tall and stately. Masses of fragrant wine-red flower clusters Jul-Sept.	3	5-7'	3-4'	ave-moist	Sun/PS	
Eremurus Isabellinus	Foxtail Lily	Cleopatra	Spring '23	D	Tangerine	early-mid summer	Cleopatra Foxtail Lily (Eremurus) is breathtaking with tall fronds of glowing tangerine flowers that add drama and beautiful vertical lines in the early-to-mid summer garden. Beautiful against an evergreen background. Foliage withers back during flowering but if you plant amongst late flowering perennials or groundcover it will hide that. Needs to be well drained.	5	1.5'	5-6'	ave-dry Must be well drained	Sun	Bee, butterfly Deer, rabbit resistant
Erysimum	Wallflower	Bowles Mauve	Now	Semi-E	Purple-violet	Apr-fall	Profuse clusters of fragrant, mauve flowers over an exceptionally long season. One of the first perennials to bloom in spring! Needs good drainage.	6	2'	1.5'	ave. Must be well drained.	Sun/PS	
Erysimum	Giant Wallflower	Jumbo Orange	Spring '23	Semi-E	Orange	Early Spring-summer	2x as tall as standard orange wallflower - this rare cultivar from England stands a whopping 3' tall, with a profusion of orange flowers in spring to early summer. Needs good drainage.	6	3'	2'	ave. Must be well drained.	Sun/PS	
Eucomis	Pineapple Lily	Sparkling Burgundy	Now	D	Purple	July/Aug	Huge burgundy strappy leaves that fade to green with striking 'pineapple-like' burgundy/pink flowers that rise to 2' above them on a thick burgundy stalk. Following the flowers the wide, heavy leaves will turn more greenish and lay down. That means they will swamp any delicate neighbors nearby. At least 2' of clearance on each side. Multiplies happily in rich, deep soil in full sun.	6	2.5'	3'	Rich, well drained	Sun/PS	
Fuchsia		Bud Cole	Now										
Fuchsia		California	Now										
Fuchsia		David	Now		Red - purple	early summer - frost	In the PNW, grow these hardy fuchsias in sun for non-stop blooms. A beautiful long-blooming flowering shrub. Masses of small flowers with red sepals and purple corollas from early summer - fall, a hummingbird favorite.	7	3'	3'	ave-moist	Sun/PS	
Fuchsia		Carmel Blue	Spring '23										
Fuchsia		DebRon's Black Cherry	Now		Maroon-purple-black	early summer - frost	In the PNW, grow these hardy fuchsias in sun for non-stop blooms. A beautiful long-blooming flowering shrub. Striking maroon sepals and purple-black corollas - flowers from early summer - fall, a hummingbird favorite.	8	3-5'	4'	ave-moist	Sun/PS	
Fuchsia		DebRon's Mangolita	Spring '23										
Fuchsia		Display	Now										
Fuchsia		Groene Kans Glory	Now	E	Coral	early summer - frost	In the PNW, grow these hardy fuchsias in sun for non-stop blooms. A beautiful long-blooming flowering shrub. Striking coral flowers from early summer - fall, a hummingbird favorite.	8	2.5'	2.5'	ave-moist	Sun/PS
