Alcea rosea	Hollyhock	Halo Purple	Now	D	Dark Purple	Jun-Aug	Striking back of the border beauty with dark purple blooms in Jun-Aug	3	5-6'	2'	ave	Sun	Bee, butterfly.
Allium		Drumstick	Out for season	D	Burgundy	July	Small (1.5") round balls of burgundy in July. Bees adore them. They will spread and naturalize beautifully in the garden.	4	2'	6"	ave	Sun	Bee, butterfly Deer, rabbit resistant
Allium		Christophii	Out for season	D	purple-pink	May	Showstopper! Huge (8-12") cluster of star-shaped purple-pink flowers in late spring/ May.	5	1.5'	1'	ave	Sun	Bee, butterfly Deer, rabbit resistant
Allium		Giganteum	Out for season	D	Lilac	May	Huge bright lilac flowers (5" wide) on 4' stems. Blooms in late spring/ May.	5	3'	1'	ave	Sun	Bee, butterfly Deer, rabbit resistant
Allium		Ostara	Out for season	D	Reddish-purple	May	Huge bright reddish-purple flowers (5" wide). This is a short allium, great for the front of a border. Blooms in late spring/ May.	3	18'	1'	ave	Sun	Bee, butterfly Deer, rabbit resistant
Allium		Schubertii	Out for season	D	Pink-lavender	May	Showstopper! Huge (12") starburst-like pink-violet flower heads in late spring/ May.	3	18"		ave	Sun	Bee, butterfly Deer, rabbit resistant

Alstroemeria	Peruvian Lily	Peachy Orange	Now	D	Orange-pink	Jun-Oct	Super long blooming - 5 months! Lovely orange-pink flowers. Amazing cut flower that lasts for 2 weeks in a vase. I love these for color, shape, height in the garden. They stay green for me through Dec/Jan, depending on weather. To 'deadhead' them, just pull the spent flower stalk, it will come right out and new growth is generated from the base of the plant. They like well drained fertile soil.	6	3'	2'	ave/ well drained	Sun/ PS	Bee, butterfly Deer, rabbit resistant
Alstroemeria	Peruvian Lily	Apricot	Now	D	Light Pink	Jun-Oct	Super long blooming - 5 months! Lovely light pink flowers. Amazing cut flower that lasts for 2 weeks in a vase. I love these for color, shape, height in the garden. They stay green for me through Dec/Jan, depending on weather. To 'deadhead' them, just pull the spent flower stalk, it will come right out and new growth is generated from the base of the plant. They like well drained fertile soil.	6	3'	2'	ave/ well drained	Sun/ PS	Bee, butterfly Deer, rabbit resistant
Alstroemeria	Peruvian Lily	Mona Lisa	Now	D	Rose/ cream/ burgundy	Jun-Oct	Rare variety from Europe with rosy exterior and cream interior with short burgundy lines. Stunning. Super long blooming - 5 months! Great cut flower that lasts for 2 weeks in a vase. I love these for color, shape, height in the garden. They stay green for me through Dec/Jan, depending on weather. To 'deadhead' them, just pull the spent flower stalk, it will come right out and new growth is generated from the base of the plant. They like well drained fertile soil.	7	3'	2'	ave/ well drained	Sun/ PS	Bee, butterfly Deer, rabbit resistant
Amaranthus	Amaranth	Red Garnet	Now	D	Burgundy	Jul-frost	Young leaves can be eaten for greens, and flower heads fill with seeds that can be toasted and eaten as grains. Because of its stunning height, seed-filled flower heads make a great source of food for birds.	Annual	8'	2'	ave	Sun	
Ammi Majus	Bishop's Flower		Out for season	D	White	May/ June	Pure giant white umbrels grace the garden in May/ June - a perfect complement to early summer bloomers - roses, peonies, delphiniums, etc. This is the natural species version of False Queen Anne's Lace. The white umbrel flowers act as a magnet for beneficial insects. Not only do the flowers attract and feed pollinators, but they also attract a host of predatory insects that will scour the garden looking for pests to eat.	Annual	4'	1.5'	ave	Sun	
Japanese Anemone	Windflower	Pink Saucer	Out for season	D	Pink	Aug-Oct	An early flowering Anemone. Graceful light pink flowers begin their show in early Aug, swaying above the foliage on wiry stems.	4	3'	2'	ave or moist	Sun/PS	
Angelica Gigas	Purple Angelica		Now	D	Purple-red	Aug-Sept	Huge (6"!) umbrella-like flower heads and stems - both burgundy-purple - so striking and unusual. Green serrated leaves. Blooms Aug/Sept.	5	5'	2'	ave	Sun/PS	

Angelica Sylvestris	Angelica	Ebony	Out for season	D	Pink	Aug-Sept	Huge (6"!) umbrella-like flower heads and stems. This Angelica has deep purple (almost black) serrated leaves and pink flowers. So striking and unusual. Blooms Aug/Sept.	5	5'	2'	ave	Sun/PS	
Antirrhinum	Snapdragon	Chantilly Bronze	Now	D	Orange-pink	May-Oct	Super tall snapdragon - up to 4 feet! Dramatic and fragrant with tangerine colored open faced blooms. Chantilly blooms are longer lived than other snapdragons, both in the garden and the vase. Plants are spectacularly showy when massed.	Annual	3-4'	1'	ave	Sun	
Antirrhinum	Snapdragon	Chantilly Light Salmon	Now	D	Light salmon-orange	May-Oct	Super tall snapdragon - up to 4 feet! Dramatic and fragrant with light salmon-orange open faced blooms. Chantilly blooms are longer lived than other snapdragons, both in the garden and the vase. Plants are spectacularly showy when massed.	Annual	3-4'	1'	ave	Sun	
Antirrhinum	Snapdragon	Chantilly Purple	Now	D	Amethyst - purple	May-Oct	Super tall snapdragon - up to 4 feet! Dramatic and fragrant with amethyst purple open faced blooms. Chantilly blooms are longer lived than other snapdragons, both in the garden and the vase. Plants are spectacularly showy when massed.	Annual	3-4'	1'	ave	Sun	
Antirrhinum	Snapdragon	Chantilly Velvet	Now	D	Red	May-Oct	Super tall snapdragon - up to 4 feet! Dramatic and fragrant with velvet-red open faced blooms. Chantilly blooms are longer lived than other snapdragons, both in the garden and the vase. Plants are spectacularly showy when massed.	Annual	3-4'	1'	ave	Sun	
Aruncus		Misty Lace	Now	D	Creamy White	May-Jul	Fern-like feathery foliage about 1.5' high on this dwarf variety. Plumes of creamy white flowers in May-Jul. Great for brightening up partial shade and can use as a groundcover. Gorgeous orange-red fall color to boot! Likes moist but well drained soil.	3	1.5'	1'			
Aruncus aethusifolius	Dwarf Goat's Beard	Noble Spirit	Out for season	D	Creamy White	May-Jul	Lovely fern-like feathery foliage about 1' high on this dwarf variety. Plumes of creamy white flowers in May-Jul. Great for brightening up partial shade and can use as a groundcover. Gorgeous orange-red fall color to boot! Likes moist but well drained soil.	3	1'	1'	Moist/ well drained	Sun/PS	
Aruncus Dioicus	Goat's Beard		Now	D	Creamy White	Apr-May	Native to PNW. Tall plant with plumes of creamy-white flowers in April-May. Likes moist soil and part shade.	3	5'	3'	Moist/ well drained	Sun/PS	
Aster		Purple Dome	Now	D	Purple	Sept/Oct	Vigorous and bushy shrub that blooms spring to summer and fades nearly back to ground in fall. Huge poppy - 8" wide white flowers with bright yellow centers and lovely apricot smell. Makes a spectacular flowering shrub.	3	1.5'	1.5'	ave	Sun	
Astrantia Major		Star of Beauty or Star of Fire	Now	D	Burgundy or Pink	Jun-Sept	Burgundy-red or pink pincushion like flowers on this shade perennial. Prized for fresh or dried floral arrangements.	4	2'	2'	ave	Sun/ PS	
Begonia grandis	Begonia	Evansiana Pink	Now	D	Pink/ white	Jul-Oct	Winter-hardy begonia provides long blooming color for shade with pink to white flowers Jul-Oct. Don't let it dry out.	6	2'	2'	ave - wet	PS/Shade	

Bergenia		Pink Dragonfly	Out for season	E	Deep pink	Apr-May	Evergreen with beautiful plum-burgundy leaves in winter and striking deep pink flowers in spring and sometimes in fall.	4	1'	1'	Ave	Sun/PS	
Brunnera Macrophylla		Jack Frost	Out for season	D	Blue	Apr-May	Award-winner that brightens the shade with its silvery white heart shaped leaves and bright blue flowers in April/May.	3	1'	1'	Ave	PS/Shade	
Buddleia	Butterfly Bush	Asian Moon	Out for season	E	Purple	Jun-Sept	Fragrant purple flowers bloom from Jun - Sept. The seeds are sterile - so more flowers and no spreading. Butterflies and hummingbirds love it.	5	6'	4'	Ave	Sun	
Buddleia	Butterfly Bush	Miss Molly	Out for season	E	Red-magenta	Jun-Sept	Fragrant red-magenta flowers bloom from Jun - Sept. The closest to red of any butterfly bush. The seeds are sterile - so more flowers and no spreading. Butterflies and hummingbirds love it.	5	4-5'	5'	Ave	Sun	
Buddlei globosa	Butterfly Bush	Orange Balls	Out for season	D	Orange	Early summer	Very different Butterfly bush with numerous rounded clusters of small orange flowers - each looks like a perfect ball. Because the fragrant flowers bloom on the previous year's wood, make sure that you prune this shrub after it has finished blooming and not early in the spring. Buddleia globosa is found in the wild in Chile, Argentina and Peru. Likes fertile, moist, well drained soil.	10-7	15'	10-15'	Ave-moist	Sun	
Camassia Quamash		Wild Hycinth	Out for season	D	Blue	May	Deep blue starry flowers. Forms colonies over time. A Pacific NW native ! Needs well drained soil.	3	1.5'	9"	Ave/well drained	Sun/PS	
Centranthus Ruber	Jupiter's Beard	Albus/ Snow Cloud	Now	D	White	May-Nov	Super long blooming white clusters May-Nov. With some deadheading, one of the longest blooming perennials.	5	2.5'	2'	ave	Sun/PS	
Centranthus Ruber	Jupiter's Beard or Red Valarian	Pretty Betsy	Now	D	Coral-red-pink	May-Nov	Super long blooming vibrant red-coral-pink clusters May-Nov. With some deadheading, one of the longest blooming perennials.	5	2.5'	2'	ave	Sun/PS	
Clematis		Haku Okan	Now	D			5-7" blooms May/ April & sept. 9' tall dark purple						
Clematis		Niobe	Now	D			6" blooms. 8-12' tall. May-june & sept Wine-red						
Clematis		Pink Champagne	Out for season	D			6-8" blooms. 6-8' tall. May-june & sept Deep pink						
Clematis		Sunset	Now	D			4-6" blooms. 9' tall. May-june & sept Magenta						
Clematis		Ville de Lyon	Out for season	D			4-6" blooms early spring & late summer/fall. Light raspberry-red. 8'-16' tall						
Clematis		Westerplatte	Out for season	D			4-5" blooms May & late summer/fall. Burgundy. 8'/12'						
Cosmos Bipinnatus	Cosmos	Antiquity	Now	D	Burgundy-pink	Early Summer - frost	Dwarf Cosmos known for early flowering. Rich crimson to burgundy flowers that fade to pink from summer to fall on bushy, fern-leaved plants.	Annual	2'	1'	ave	Sun	Bee, butterfly Deer, rabbit resistant
Cosmos Bipinnatus	Cosmos	Apricotta	Out for season	D	Pink-apricot	Summer - frost	Shimmery pink-apricot flowers summer to fall on bushy, fern-leaved plants.	Annual	3'	2'	ave	Sun	Bee, butterfly Deer, rabbit resistant
Cosmos atrosanguineus	Chocolate Cosmos	Black Magic	Out for season	D	Burgundy-red	Summer - frost	Smells like chocolate! Velvety burgundy red blooms from early summer until frost.	Annual	2'	2'	ave	Sun	Bee, butterfly Deer, rabbit resistant
